

GENERAL INFORMATION

Central Park Elementary School is located in the Western section of Birmingham, Alabama. It serves approximately 710 students in grades K-5. The present school was built in 1994 behind the old school site. A new addition to the school was completed in 2003. Some of the programs and services provided by our school include Tutoring, General Music, Music Technology, Band, Counseling, Speech, Special Education, Physical Education, Library, Alabama Reading Initiative Site, Academic Team, Gifted Program and an Outdoor Classroom.

PRINCIPAL'S MESSAGE

Welcome to Central Park Elementary School where teaching and learning are our top priority. We realize the value of creating a positive learning environment and the importance of developing an attitude of self respect and self worth in each child. Our experienced professionals are dedicated to providing every child with the best educational opportunities.

MISSION STATEMENT

Our mission is to provide a comprehensive and quality education with high expectations in a safe and nurturing environment.

Doing Our Best On The Road To Success

CREED

I know I'm special as I can be,
'Cause I've got Central Park Pride in me!
My mind's a pearl, my aim is high,
My goals might even reach the sky!
I come to school, with all the rest,
To listen, look, and learn, and do my best.
Respecting my teachers and
my classmates too,
And of course, myself, in all I do.
My uniqueness is what I bring,
And I can accomplish anything.
I've got that power, RAM power!
I've got that power, RAM power!
And I've got that pride,
CP pride, down inside!

Central Park Elementary School

BELIEFS

Success is a continuous process. Failure is not an option.

Every student is entitled to a culturally enriching environment that promotes high academic standards and achievement.

Educating students is the responsibility of the educators, parents, and the community.

Differentiated instructional strategies will be provided to accommodate the learning styles of students to support academic achievements.

Students will develop the technological skills necessary to become productive citizens in a global society.
